

probono[™]
dog treats
recommended by veterinarians

We are passionate about creating tail-wagging baked treats for your furry friends using only the best ingredients and finest formulations. We bake nutritionally formulated treats that cater to all types of paw-some pooches, to accommodate all types of dietary needs.

We pride ourselves on our complete range of nutritionally formulated treats and we are committed to exploring new formulations that will raise the ruff of variety and flavour, because every type of dog should enjoy a tasty treat, no matter what their diet is.

Pro - Colloquial for the word “Professional” - these biscuits are recommended by and available from veterinarians.

Bono - A bone shape which all dogs recognise.

Probono - A term used to designate work or services undertaken voluntarily and without remuneration - just like the loyalty and affection your dog shows you every day of the week - rain or shine, expecting nothing in return.

Our progressive approach combined with our passion for pooches has resulted in a firm understanding of what it takes to make the finest quality biscuits, to keep tails wagging, coats shining and teeth sparkling for the pup-parazzi.

- We focus on tail wagging biscuit treats that are created with care, sorted and packed with love.

- Our factory is BRC certified and accredited for export to regions within the European Union and Sub Sahara Africa.

Specialised Biscuit Range

Functional biscuits:

We produce three functional biscuit lines to assist every dog parent to keep their dogs' lives running as smooth as possible. These come in one biscuit size and 350g boxes.

Rise and shine - To help your dog start his day on the right paw with added blackstrap molasses as well as alfalfa herb and tumeric.

Appetite control - To assist dogs to feel fuller for longer, this biscuit has a high fibre content, including digestive bran and beet pulp.

Bedtime - To help your dog wind down after a long day we have added Chamomile and Passionflower to these biscuits as well as honey and yogurt to assist with their digestion.

For our chunkier doggo's, we also have "**light**" biscuits that have 60% less calories than our everyday range.

Exceptional formulation

Our **Supreme** biscuits have added chicken, turkey and duck with additional beet pulp and digestive bran. For the most discerning of dogs with complex pallets.

QUIET BROOKE

Probono Semi-Moist Bites

After many in depth tail wagging consultations with our 4-legged friends, we are happy to introduce our Probono Semi-Moist treat range. These extra soft treats are ideal for all age and all size dogs. Using the same winning principles we used in our Probono biscuits, our semi moist range includes vitamins, minerals calcium as well as omega 3 and 6. To ensure your dog stays in top physical shape for the demanding canine lifestyle of today.

As an added benefit we have also added teeth cleaning agent to the entire soft treat range that assists in keeping dog's dental hygiene in check.

As with all Probono treats, we have only used the best possible ingredients including natural colourants and flavourants with no added preservatives.

All our soft treats are available in 500g tubs as well as 120g fresh seal bags.

Your dogs deserve the best, so let them try our Probono treat range.

Probono Premium Everyday Range

Probono's range of dog biscuits have been formulated to the highest standards to support every active dog's lifestyle.

With the biscuit hard baked consistency and addition of teeth cleaning agent, it helps to reduce plaque while promoting your dog's dental hygiene with every biscuit they gnaw on.

The unique blend of vitamins A, C, E, B group as well as magnesium, zinc, iron and selenium in each biscuit, helps to ensure your dogs immune system is supported and assists in keeping your dog in top physical shape.

The addition of antioxidants helps to protect your dog from free radical exposure that is so common in today's busy pet lifestyle.

You can be assured that Probono biscuits are healthy, nutritious and a delicious way to treat or reward any dog.

Our everyday range consists of mouth-watering biscuits, available in **small** and **large** sizes **1kg boxes**.

Our Oxtail and Chicken flavour biscuits (for ALL dogs) are available in **300g boxes**.

Probono Petite Range

Our Petite Range is specially crafted for our small, but mighty, furry friends! Each bite-sized treat is packed with flavor and nutrients to support your pup's overall well-being. With four fun varieties, there's a treat for every moment of your tiny dog's day!

Bedtime Nibbles: A calming treat to end the day right, packed with honey for immune support, rosehip for joint health, and passion flower to soothe away anxieties.

Light Nibbles: Low-fat treats for dogs watching their waistlines—perfectly delicious and guilt-free!

Iced Nibbles: A sweet reward for pups with a little sweet tooth, adding a sprinkle of joy to your furry friend's day.

Fresh Breath Nibbles: Helps keep breath fresh and supports dental health by reducing tartar and plaque build-up.

Each treat is lovingly crafted to keep your tiny companion's tail wagging!
